

## **Conversion and demonstration of currency from TAA40104 Certificate IV in Training and Assessment (C732) to TAE40110 Certificate IV in Training and Assessment (W754)**

If you hold the now-superseded TAA40104 Certificate IV in Training and Assessment and you can demonstrate currency, you may be able to convert this qualification to the TAE40110 Certificate IV in Training and Assessment. You should be able to demonstrate currency for most units if you have recent examples of:

- **Following Training Package qualification rules when selecting competency standards for AQF qualifications**
- **Designing learning plans for competency standards from endorsed Training Packages**
- **Designing assessment plans that meet the principles of assessment and assessment tools that meet the rules of evidence for an AQF qualification**
- **Validating VET assessment plans and tools**
- **Assessing students for AQF qualifications**
- **Designing, planning for and assessing VET students via an RPL pathway**
- **Moderating VET assessments for AQF qualifications**
- **Delivering work skill instruction to students in groups**
- **Delivering work skill instruction (that aligns to workplace standards and job roles) to students in a workplace**
- **Reflecting on feedback for continuous improvement in training and assessment**

If you are currently performing these duties, please complete the *Course conversion currency* document. If you are unable to give examples of currency in all units of the TAE Cert IV TAA, you may require some gap training and assessment.

For further information please contact the Centre for Training Excellence on 9427 1555.
