

# Graduate Teacher Placement Program

Complete a TAE40110 Certificate IV Training & Assessment while undertaking a VET teaching practicum

Vocational education and training (VET) is a significant and growing component of senior secondary schooling, with approximately 50% of all year 11 and 12 students participating in VET in schools. Therefore, teachers who have the requirements to teach VET in a school setting will be highly competitive in seeking employment.

## Course descriptor:

The Centre for Training Excellence, in partnership with Curtin University, is offering newly graduated secondary teachers a work experience placement at Central Institute of Technology. The fast track program provides participants with the Certificate IV Training and Assessment and experience working in a VET environment delivering VET qualifications to VET in Schools students and adult learners. This program aims to increase participants' employment opportunities in delivering VET in schools.

## Audience:

Newly graduated secondary teachers

## Program outcomes:

This program:

- Builds on skills and knowledge gained in your university studies
- Develops teaching skills in a VET environment
- Provides an understanding of the VET sector

Participants completing this program will achieve:

- Certificate IV Training and Assessment
- Teaching experience in at a large training provider
- Networks within the VET sector
- Skills and knowledge to deliver a VET in Schools program

## Course Structure and Duration:

This program begins with intensive workshop (21, 22, 27, 28, 29, Jan), followed by on-going tutorials, practicum placement and individual learning time for the duration of a 10 week term (1<sup>st</sup> Feb to 1<sup>st</sup> April 2016).

**Cost: \$2950 per person**
